Partners for Quality Foundation

March 13, 2020

Dear friends and families,

As new developments occur daily with the Coronavirus outbreak, Partners For Quality and its family of agencies continue to monitor and evaluate the situation. As has been the case all along, our top priority is the safety and wellbeing of those we support and our staff.

Our agencies remain committed to utilizing every precaution, in an effort to ensure safety.

With that in mind, we are immediately closing all day programs at Citizen Care and Milestone Centers, until further notice.

We firmly believe that acting in the best interest of those we support is not only the right thing to do, it is the only thing to do.

We, of course, will communicate any updates to you as they develop. Thank you for your understanding.

Sincerely,

A handwritten signature in blue ink that reads 'Margaret Rothenberger'.

Margaret Rothenberger
